

versiondog LibraryManagement

Management of libraries for STEP7, RSLogix and TIA Portal

Manage changes to standard blocks and track their usage

- **UPDATE**
- **VALIDATION**
- **CROSS-REFERENCE**

What does it do?

- Shows you which projects are using which versions of which blocks
- Makes it quick and easy to distribute updated blocks
- Fully integrates library management into versiondog
- Supports all necessary editors

How will it save time and money?

- Less manual administration work
- Improved overview of standard project elements
- Easy to install
- Easy to use

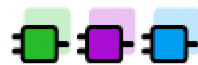

- Greatly reduced potential for human error

Are there any requirements or costs?

- Active versiondog Server license required
- versiondog LibraryManagement add-on for STEP7 and/or RSLogix and/or TIA Portal

LibraryManagement
